OUR PURPOSE

Defending Our Democracy

You know the Pledge of Allegiance by heart. Somewhere along the way, you memorized it and have recited it many times since. Often, it may seem a rote recitation. But when you think about it, it's a simple, straightforward declaration. You stand a little taller and prouder knowing that our nation was founded on core principles of liberty, democracy and justice for all. No matter our political background, this is something everyone in The Union agrees on. Defending our democracy is all that we're about.

OUR CHALLENGE

America Is Under Attack From Within

Today, our nearly 250-year-old republic faces a serious, widespread, coordinated effort to undermine its democratic foundations. Voting rights are being curtailed. Individual rights to privacy and bodily autonomy are under attack. Freedom of speech, assembly, and religion are all being threatened. And the rule of law, perhaps our most fundamental principle, is under siege.

.....

WHO WE ARE

The Union is a non-partisan coalition of pro-democracy organizations sponsored by The Lincoln Project. Membership in The Union is open to both individuals and organizations who share our pro-democracy aims and values.

YOU WILL FIT RIGHT IN!

WHAT WE DO

We are engaged in many pro-democracy efforts, both leading and working in concert with our coalition partners. These efforts include:

- Voter education
- Voter registration
- Voter engagement
- Expanding voter participation
- Ensuring continued integrity and impartiality of election processes
- Removing structural and procedural impediments to voting
- Ensuring equal access to voting
- Exposing the objectives of the anti-democratic, pro-authoritarian forces.

WHAT WE BELIEVE

America is under attack from MAGA led by Donald Trump and his many pro-authoritarian acolytes. Even if Trump exits the upcoming Presidential election, the dangerous ideas he espouses will continue to be advanced by like-minded politicians and power-seekers at the national, state, and local levels. We must act to counter these threats in order to preserve and strengthen our democratic principles and ensure our nation's ongoing commitments to liberty and justice for all.

IT WILL TAKE ALL OF US

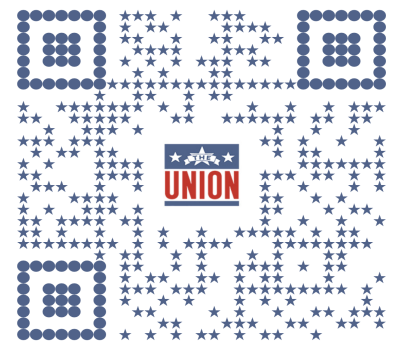

As Americans who cherish our democracy, no matter what political party we come from, we can no longer stand by and allow MAGA extremists to undermine the very foundations of a system that generations of Americans have fought and died for. While some try to comfort themselves by thinking thoughts of "It (fascism) can't happen here," events occurring on a daily basis show that retreat from democracy

can indeed happen here – indeed, that it likely WILL happen here – unless we collectively rise to the challenge. As citizens, we know that it's up to all of us—that we can't wait for political elites in Washington D.C. That's why we're standing up together. That's why we're getting to work. That's why we're engaged in winning elections for the sake of our democracy. We've joined The Union. **We hope you will too.**

HOW YOU CAN MAKE A DIFFERENCE

The Union is connecting people with the right jobs, teams, and tasks to fight back and save democracy. We'll match your drive and skills with causes, campaigns, and candidates who need your help.
